

2019 Vine Street Improvements Project Weekly Project Update

May 17, 2019

The City of Hudson is currently reconstructing Vine Street from 9th Street to Wisconsin Street. The duration of the project is May 6, 2019 to the substantial completion date of September 30, 2019. Construction includes pavement and curb removals, sanitary replacement, water main replacement, minor storm sewer, curb replacement, pedestrian ramps, asphalt replacement, median reconfiguration and restoration.

Work Completed for the Week of May 13

A-1 Excavating installed water main and sanitary sewer on Vine Street from 9th Street to just past 10th Street, while removing the existing sanitary sewer along the way. A-1 Excavating also conducted minor storm sewer replacements and repairs and prepared the site for the weekend rain forecast.

Work Scheduled for the Week of May 20

A-1 Excavating is planning to continue sanitary sewer installation on Vine Street from 10th Street and is planning on installing up to 12th Street during the week. Minor storm sewer replacements, water main installation, and removals may occur when impacted by the sanitary sewer work. Access will be limited to some homes between 10th Street and 12th Street throughout the week. Advanced notice will be given to those residents and any questions can be directed to the Project Hotline listed below.

Traffic Impacts

Vine Street will be shut down throughout the duration of construction. All access to homes off Vine Street will always be available from 7:00pm to 7:00am, except during concrete curb and driveway curing time. The currently schedule to reconstruct from 9th Street to 12th Street from May until mid-June and then start on reconstructing from 12th Street to Wisconsin Street. Whenever the crews are not working in front of your property, access will still be available to your driveways. Please refer to the notices that will be delivered or call the City Project Manager for any access questions or concerns. There will be a detour set up on Monday for though traffic.

Other Notes

If you have any additional questions or concerns please contact the project hotline at (715) 531-2786. To ensure updates you can view the Vine Street Construction Information tab on the City of Hudson's website or subscribe to the weekly updates on under Notification Sign-Up and then Front Page News (under News Flash).
