

2019 Vine Street Improvements Project Weekly Project Update

May 24, 2019

The City of Hudson is currently reconstructing Vine Street from 9th Street to Wisconsin Street. The duration of the project is May 6, 2019 to the substantial completion date of September 30, 2019. Construction includes pavement and curb removals, sanitary replacement, water main replacement, minor storm sewer, curb replacement, pedestrian ramps, asphalt replacement, median reconfiguration and restoration.

Work Completed for the Week of May 20

A-1 Excavating installed water main and sanitary sewer on Vine Street from 10th Street to just short of 12th Street, while removing the existing sanitary sewer along the way. A-1 Excavating also removed curb and gutter up to 12th Street.

Work Scheduled for the Week of May 27

A-1 Excavating is planning to continue sanitary sewer installation on Vine Street past 12th Street to tie in just short of Twelve Oaks Lane. The crew is also planning on installing water main at 11th Street and near 12th Street. There will be some removals as well near 12th Street for the work to be completed.

Traffic Impacts

Vine Street will be shut down throughout the duration of construction. All access to homes off Vine Street will always be available from 7:00pm to 7:00am, except during concrete curb and driveway curing time. The currently schedule to reconstruct from 9th Street to 12th Street from May until mid-June and then start on reconstructing from 12th Street to Wisconsin Street. Whenever the crews are not working in front of your property, access will still be available to your driveways. Please refer to the notices that will be delivered or call the City Project Manager for any access questions or concerns. There will be a detour set up on Monday for though traffic.

Other Notes

If you have any additional questions or concerns please contact the project hotline at **(715) 531-2786**.
