2019 Vine Street Improvements Project Weekly Project Update

June 14, 2019

The City of Hudson is currently reconstructing Vine Street from 9th Street to Wisconsin Street. The duration of the project is May 6, 2019 to the substantial completion date of September 30, 2019. Construction includes pavement and curb removals, sanitary replacement, water main replacement, minor storm sewer, curb replacement, pedestrian ramps, asphalt replacement, median reconfiguration and restoration.

Work Completed for the Week of June 10

A-1 Excavating connected their water main into the existing system at 12th Street to the north and stubbed out to connect next week to the south side of Vine Street. Storm sewer was also installed from 11th Street to 12th Street and house water and sewer services were hooked up to the new system mid-week. On Friday the crew connected to the existing force main overnight in order to complete the installation at low flow times.

Work Scheduled for the Week of June 17

A-1 Excavating is planning to connect their water main to the south side of Vine Street at 12th Street on Monday which will result in several homes being without water during the day. All homes affected received a notice of interruption. On Tuesday, the crew will begin construction in the alley across from 10th Street on the south side of Vine Street.

Traffic Impacts

Vine Street will be shut down throughout the duration of construction. All access to homes off Vine Street will always be available from 7:00pm to 7:00am, except during concrete curb and driveway curing time. The currently schedule to reconstruct from 9th Street to 12th Street from May until mid-June and then start on reconstructing from 12th Street to Wisconsin Street. Whenever the crews are not working in front of your property, access will still be available to your driveways. Please refer to the notices that will be delivered or call the City Project Manager for any access questions or concerns.

Other Notes

If you have any additional questions or concerns please contact the project hotline at **(715) 531-2786**. To ensure updates you can view the Vine Street Construction Information tab on the City of Hudson's website or subscribe to the weekly updates on under Notification Sign-Up and then Front Page News (under News Flash).
