

# Public Involvement

**City of Hudson, 11<sup>th</sup> Street  
Coulee Road to Wisconsin Street  
St. Croix County  
Project ID: 8999-00-86/87**

**January 16<sup>th</sup>, 2024 to January 30<sup>th</sup>, 2024**

Deaf, hard-of-hearing, deaf-blind, and speech-disabled persons should contact the Wisconsin Relay Service for assistance by dialing 711.

## Purpose of the meeting

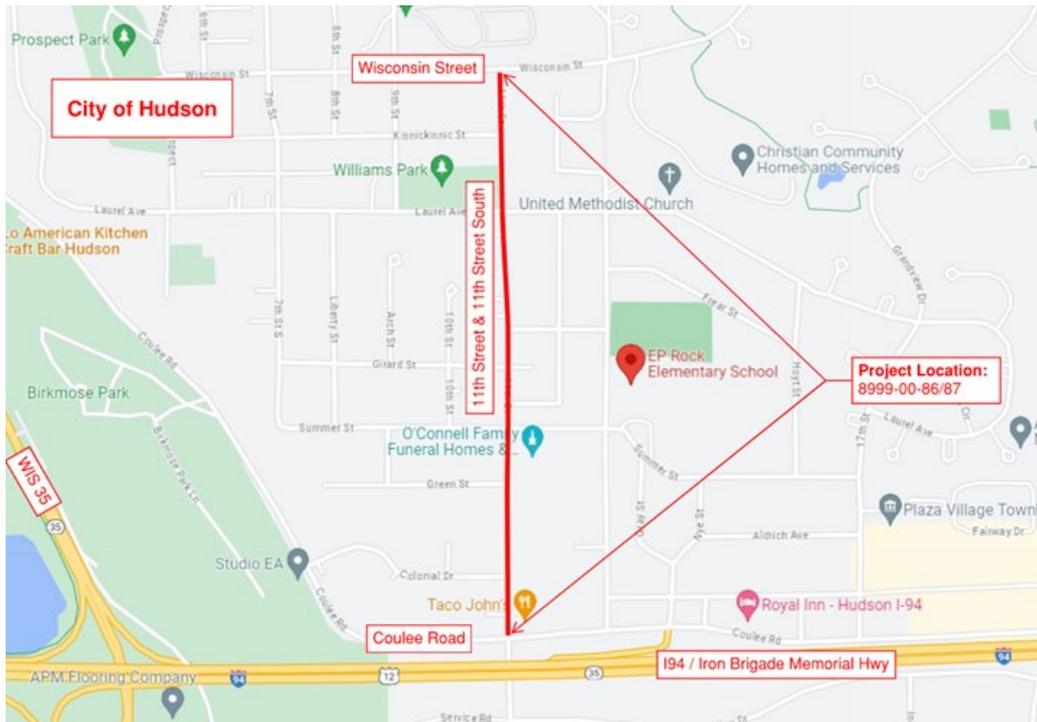

Our objective is to update you on the proposed scope and schedule and to obtain your input on the identified needs, and proposed improvements along 11<sup>th</sup> Street between Coulee Road and Wisconsin Street in the City of Hudson, St. Croix County.

A meeting with local officials, utilities, and the DOT was held on December 19, 2023.

The purpose of the proposed action is to address the pavement deterioration, substandard pedestrian accommodations, and to provide a safe and efficient transportation system. This can be accomplished by addressing the following needs:

- Pavement Deficiencies: The existing pavement is showing signs of deterioration.
- Provide Pedestrian Accommodations: Existing pedestrian accommodations along 11<sup>th</sup> Street in the City of Hudson do not include dedicated pedestrian or bicycle facilities that meet current American with Disabilities Act (ADA) standards.

## Project Location

## **Project information**

We are proposing to improve 0.65 miles of 11<sup>th</sup> Street.

Proposed improvements include:

- Rehabilitating the asphalt pavement
- Adding pedestrian accommodations to the corridor
- Curb & gutter improvements
- Storm and sanitary sewer adjustments
- Water utility improvements
- Signage/striping upgrades

## **Proposed traffic impacts**

Construction is currently scheduled to occur in 2025 pending the environmental process and DOT review time. Construction is estimated to end in 2025 or within one construction season.

During construction, the roadway will be closed to through traffic, but open to local residents. A detour will be posted.

Business and emergency access will also be maintained. However, temporary driveway closures will be necessary during parts of the construction process. The contractor will contact homeowners and businesses in advance before closing a driveway.

## **Real estate**

Right-of-way needs are currently being evaluated.

## **Special Assessments**

Special assessments will apply to this project and may include sidewalk, curb and gutter and driveway reconstruction costs. The special assessment process and estimated assessment calculations will be done after the design has advanced and a cost estimate has been finalized. You can expect more information about this in late summer/early fall 2024. The City's Special Assessment Policy can be found online at: <https://hudsonwi.gov/628/City-Projects>

## Project update/next steps

Local officials/operational planning meeting	December 2023 (completed)
Public involvement meeting	January 2024
Preliminary plans	March 2024
Environmental document	April 2024
Public informational meeting	May 2024
Final plans	August 2024
Construction currently scheduled	Summer 2025

## Public input/comments

We encourage you to talk to the project representatives and ask them questions. Attached to this handout is a sheet for your written comments and input regarding the proposed project. Please mail any written comments about the project before **January 30<sup>th</sup>, 2024** or leave them in the comment box tonight. You can also e-mail your comments to the contacts listed below.

Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
